Sir/Madam:

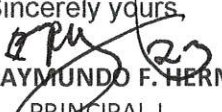

Our school believes that the safety and comfort of the students lead to emotional stability and mental alertness. Given a good venue, students develop their academic interests.

Our heartfelt gratitude and congratulations is extended to APO Production unit for the financial support that helps us in the rehabilitation of 8 comfort rooms. Adhesive cement and new toilet bowls including the payment for the labor was never become a burden since you have provided us. The highly spirited manpower that you sent painted our walls and chairs.

This gift of comfort due to the adoption of your company is given an outstanding recognition from the bottom of our heart, the Don Julians.

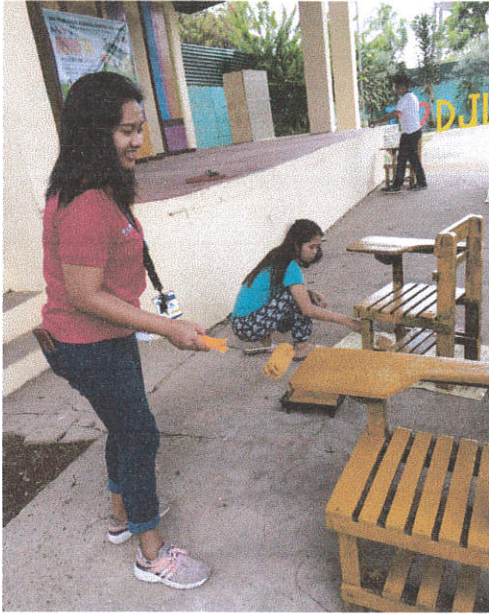

May our Almighty God continue to shower more blessings to the company.

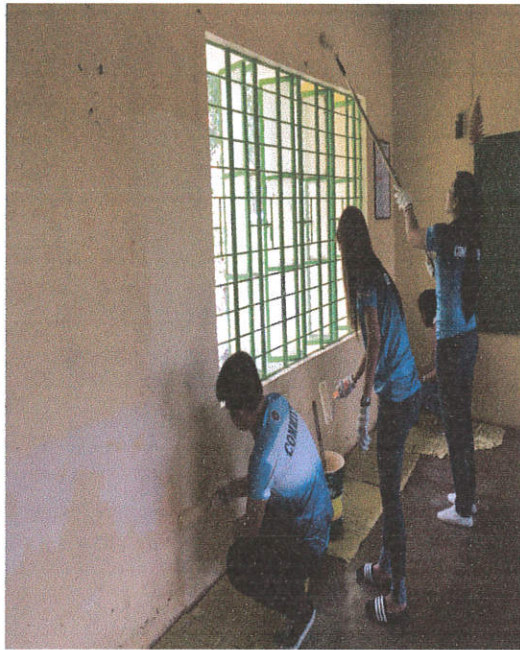

"Kudos" for the job well done!

Sincerely yours,

RAYMUNDO F. HERMO
