- **Report for the Construction of Implemented Reading Project Hub**

Introduction

This report documents and describes the Reading Hub Project construction phase from January 27, 2022 to February 18, 2022. This project is funded primarily by APO and combined with the sales of those collected scraps from every student.

Project Description

Don Julio promotes “Learning & Reading: One with Mother Earth”. The Reading Garden Hub Project serves as an open library for all learners that gives a conducive environment surrounded by plants. The project is located beside the “Gulayan sa Paaralan” that secures a properly shaded area.

The construction task principally includes preparation of the materials; excavation; cement-treated base; spray and filling molds; painting of molds; and the application of emulsion paint.

The photos of the construction process are attached below.

Construction Highlights:

Before the construction

This is the site where the proposed project will be constructed.

Don Julio Leviste Memorial National High School

Address: BLISS San Andres, Malvar Batangas

(043) 311-2025
